

Scope of Certification

Scope Reference:	FSI-431
Scope Expiry Date:	11th August 2024
Certificate Number (s):	FSI-035
Company:	Howes SE Ltd
Head Office Address:	Unit 5, Clearways Business Centre, London Road, West Kingsdown, Sevenoaks, TN15 6ES
Scheme(s):	Installation of Firestopping Seals
Nominated supervisors:	Kelvin Munroe
Applicable seal categories:	Penetration seals: Pipe and Electrical Batts, Collars/sleeves
Test Evidence:	This scope of certification applies to fire stopping seals that have been fitted strictly in accordance with the seal manufacturer's data sheets, specifications and engineering judgements. Any installations that do not fall within this remit are excluded from the certification.

This certification is intended to verify that the fire stopping seal categories listed above are installed in accordance with the specifications outlined by the seal manufacturer. The certification only applies when the seal manufacturer has appropriate evidence to demonstrate that their product has proven fire resistance properties, which have been appropriately demonstrated testing by UKAS accredited laboratory testing.

Should the seal manufacturer's specifications or engineering judgements cease to be valid, then this certification shall also cease to be valid.

By certifying the installation of fire stopping seals against the seal manufacturer's specifications, Bluesky Certification does not take any responsibility for any assessment of performance that has been made by the seal manufacturer and full liability for any such fire stopping seals and any engineering judgements made remains with the seal manufacturer and / or the fire stopping installation company.
